## ABOVE & BEYOND

STAFFING AGENCY

# Are you looking for **Work?** Tired of being denied for **Employment?**

**Let us assist you in identifying your weaknesses and developing your skills to find the job just for you! Become empowered to make a difference in your community!**

Above & Beyond Staffing Agency is a placement agency that specializes in training and then placing educated and uneducated people in jobs that fulfill a purpose and are a blessing to the lives of others. Above & Beyond is structured like other temporary and permanent placement agencies. However, it encompasses spiritual enrichment through teaching biblical principles during the training process as well as sharing the good news of the Gospel. As Jesus Christ served the people, we serve applicants with all needs from specializing professionals, benchmark workers, industrial and agricultural workers, etc.

We believe in identifying the limitations within individuals, developing them to become empowered, training them to be effective in the workplace, and positioning them to be successful in the world, which biblically

equates to being a "Fisher of Men." Our motto of identifying weaknesses or limitations and then transforming such boundaries into endless opportunities leading to greatness is what we value.

Although many are called and few are chosen, we believe that all are chosen, but few actually go through the process of being strengthened to utilize the gifts and talents the Lord has bestowed upon each and every one of us. Additionally, we believe in operating in a spirit of unity and excellence, which ultimately will serve as a focal point to the success of other businesses.

As each and every person deserves a chance in life, we also service previously incarcerated individuals recently released from prison by way of providing job placement in the field of construction and/or various network marketing groups. We provide top-notch training that will permit individuals with past misdemeanors, felonies, and federal convictions opportunities to function in society, hopefully decreasing the chances of return imprisonment.
